Good Morning Everyone!!!

What a great performance by the Roosevelt Middle School Jazz Band!!!

Welcome to our third community gathering to envision how we want to make San Antonio Park a safe and vibrant space for everyone!

We have three goals today:

First, we will share what we heard from everyone on August 28<sup>th</sup> and September 25<sup>th</sup>.

Second, we want to know what you think about four big recommendations we are proposing to you to improve San Antonio Park.

And finally, we will hear from City leaders about how the City will incorporate our recommendations about improving San Antonio Park.

To get us going, we going to organize into small discussion groups by language – there are two stations for English-speakers; two stations for Spanish-speakers; one station for Chinese-speakers; and two stations for youth.

We will spend no more than one-hour in small groups.

Finally, we will cap-off our gathering by coming back together for a discussion with City Council President Nikki Fortunato-Bas and City Administrator Ed Reiskin. We thank both of them for coming out here this morning to be with us!

Thank you very much everyone . . . let's do this!!!
